

Sustainability challenges for product development

SEMINAR WITH PROFESSOR STEFAN ANDERBERG, LINKÖPING UNIVERSITY

The presentation *Sustainability Challenges for Product Development* will address the challenges posed by the accelerating global increase of consumption, and particularly focus the difficulties to evaluate the impacts along the whole product life cycles.

Stora hörsalen 2016-05-23 kl 13.15-15.00
Ingvar Kamprad Design Center (IKDC),
Sölvegatan 26, Lund
